**RE: Hatfield Borough Zoning Hearing Board
Application of Laudenslager Campus Benefit, LLC**

Dear Attorneys Bernstein and Adelman:

This letter provides written notice of the action of the Hatfield Borough Zoning Hearing Board at the conclusion of the Hearing held on September 24, 2026. The following constitutes the Order of the Board pursuant to its Motion:

ORDER

AND NOW, this 24th day of September, 2026, the Application of Laudenslager Campus Benefit, LLC is hereby **GRANTED** subject to stated conditions. The Board **GRANTS** the relief requested, as follows: (1) a renewal and one year extension of the conditional zoning relief granted on July 13, 2022 to Alliance Housing Development, pursuant to Section 27-703(B)(2) of the Zoning Ordinance, as amended, which approved the change of one nonconforming use (as a seminary) to another nonconforming use (as an age-restricted retirement community campus), and established nine conditions for said use and proposed redevelopment of the property – said extension shall expire on September 23, 2027; and (2) the modification of condition #4 as set forth in the prior Decision to remove the requirement to design and install a stormwater pipe along the southerly side of Main Street (Cowpath Road) as the current stormwater design eliminates the need for said pipe.

The relief is granted in accordance with the application and plans submitted and subject to the following condition:

A Professional Corporation

1. The Applicant shall comply with the nine conditions set forth in the prior decision, with the exception of condition 4 which shall be re-written to read as follows:

The Applicant shall apply for and obtain any and all land development and other necessary approvals and permits from Hatfield Borough and Hatfield Township. During the land development process, the Applicant shall design stormwater controls for the Subject Property to the satisfaction of the Borough Engineer and as approved by Borough Council.

Any party may appeal this decision within thirty (30) days of the date of mailing of this notice of the date of entry of the Order of the Zoning Hearing Board. As required by the Pennsylvania Municipalities Planning Code, the full Findings of Facts and Conclusions of Law of the Board will be provided within forty-five (45) days.

Very truly yours,

ERIC C. FREY

Re: October 2026 Engineering Report

The following is a highlighted list of current projects and recent engineering activities:

SUBDIVISION / LAND DEVELOPMENT / PERMITS:

- **Hatfield Walk (23 N. Main St. Townhomes)**

The application proposes the construction of 8 townhouse units in two buildings taking access off North Main Street. An existing dwelling will be demolished, and two properties will be combined. Preliminary/Final Plan Approval was granted with conditions at the February 19, 2025 Borough Council meeting.

The majority of the site work is complete. We are currently awaiting televising video of one sewer run and As-built Plans of the ADA ramps at N. Main Street prior to recommending release of construction financial security and issuing a recommendation for the 18-month maintenance security.

- **Bennetts Court (Prestige Building Partners Townhomes)**

The application proposes the construction of 18 townhouse units in three buildings taking access off a new cul-de-sac street, partially comprising an area of undedicated E. Broad Street.

We are currently awaiting final confirmation of minor site improvements prior to recommending release of construction financial security and issuing a recommendation for the 18-month maintenance security.

- **200 N. Main St. (Laudenslager Senior Apartments)**

The project includes building 114 apartment units in three buildings at the site of the former Biblical School. The apartments will be age-restricted affordable housing. The site is located in both Hatfield Borough and Hatfield Township. Phases 1 and 2 are located within Hatfield Township and consist of constructing two new buildings, parking lots, and stormwater management Basins. Phase 3 is partially within Hatfield Borough and includes renovating the existing building and converting it into dwelling units, and constructing new parking lots and a stormwater management basin. The applicant received a renewal of their previous zoning relief at a Zoning Hearing held on September 24, 2026. The Zoning Relief will expire on September 23, 2027.

On August 11, 2026 we issued our first Land Development review letter. At this time we are awaiting revised design documents.

- **Brooks Instruments**

The Owner is proposing a large parking lot expansion and building addition behind the building located in Hatfield Borough and Hatfield Township.

Over the past few months we have had several meetings, calls, and emails with the Owner and their engineer pertaining to the location and size of the parking lot improvements. We continue to work with them to determine the appropriate process for review and approvals of the improvements.

CAPITAL IMPROVEMENTS:

- **2026 ADA RAMP REPLACEMENT PROJECT**

The project includes replacing 28 sidewalk ramps to improve them to current ADA compliance standards. The ramps being surveyed and designed are located along Union St., Cherry St., Diamond St., and Fretz St. The construction will be funded with liquid fuels funds.

We continue working on the ADA ramp designs, contract documents, and determining the need for encroachment easements and right-of-way acquisition. We are also working on PenNDOT Highway Occupancy Permit plans and ramp design documents. At this time we anticipate the project being ready for bidding in the first quarter of 2027.

MS4:

- On August 26, 2026 we met with Borough staff and presented certain requirements of the MS4 program, including “good housekeeping” steps for municipal facilities. In September 2026 we updated the Borough’s BMP inventory and prepared the annual MS4 Report.

As always, if you have any questions or comments, or if we can be of any further service, please feel free to contact me directly at 484-941-0418 or ccamburn@vancleefengineering.com.
